Prepare to lose 10 pounds in 10 weeks

The Healthy Sandy Partnership is sponsoring “Slim Down Sandy,” a program to encourage all Sandy residents to lose 10 pounds in a 10-week period. Compete with the Mayor, City Council members, and others to see who can complete the challenge. The 10-week program will take place from April 5 to June 14. Sign ups will begin in February.

The first 200 people to sign up will receive a nice pedometer. Those who complete the program will receive a health manual from Intermountain Alta View Hospital, a T-shirt, and other awards. Also, all individuals who lose at least 10 pounds during the 10-week period will be entered to receive numerous prizes from local merchants.

More registration and prize information will be coming soon.

Process to Create New School District

The process to create a new school district in southeast Salt Lake County has begun. After voters approved creating a new school district in the communities of Sandy, Draper, Cottonwood Heights, Midvale, Alta and unincorporated Salt Lake County, the formal transition process began with the appointment of two transition teams. These two transition teams, representing the new (east) school district and the remaining (west) school district, will meet over the next six months to determine how the Jordan School District’s assets should be divided. All schools which serve specific geographic areas will be part of the district in which they are located. The assets which serve district-wide purposes are those which will be divided.

The lieutenant governor’s office has received the formal boundary descriptions for the new school district and has issued a “Certificate of Entity Creation” which formally established the new school district.

The elections to choose a school board for this new district will be held on June 24. The election will be an open election with no primary. Anyone interested in running for a seat on the new school board will need to file with the Salt Lake County Clerk’s Office between March 7 and 17. The County Council has determined the voter district boundaries for these seven new school board seats. Maps showing these district boundaries are available on the County Clerk’s website at www.clerk.slco.org or on the Sandy website at www.sandy.utah.gov. The new school board will take office on July 15, 2008.

Once the new school board is elected, they will make decisions regarding programming and staffing for the new school district. The new school district will have enough resources to continue every program currently offered by the Jordan School District, although specific programming decisions will be made by the new board.

The new school district will begin offering services on July 1, 2009.

If you have any questions about the process to create a new school district or would like to get involved in the transition process, please contact Korban Lee at 568-7156 or at klee@sandy.utah.gov.

Dance of Romance

Dinner & Dancing

FEBRUARY 14 & 15 7:00 P.M.

LONE PEAK PAVILION
10140 South 700 East

Valentine’s day is here. Is your idea of romance the stale box of chocolates and expensive flowers that die within the week? Toss those old ideas for a celebration as exciting as your romance (should be).

Join us for dinner, a ballroom dance show and then enjoy open dancing for everyone.

Reservations are required and seating is limited so get your tickets today.

Home Occupation Licenses Due by March 1

All currently licensed home-based businesses in Sandy will soon be receiving a notice to renew their business license. These applications along with fees are due by March 1. All license accounts have a 30-day ‘grace period.’ Any license renewal made after March 31 will be assessed late fees.

How do you know if you need a license? If you work from your home, or use your home as a base for a mobile business, and are not an employee of a licensed business, you are required to obtain a home occupation license. To obtain a business license or home occupation license, the State of Utah and Sandy City have created the online “OneStop” website at www.business.utah.gov/registration. Individuals or businesses can register a business name, obtain sales tax ID numbers, withholding numbers and license applications from the convenience of their computer.

If you already have a tax ID number and have previously registered your business with the Utah Department of Commerce, you do not need to visit the “OneStop” website. Instead, simply download a license application directly from the city’s website at www.sandy.utah.gov.

Once either form is completed and signed, please return them to the business license office located in Sandy City Hall, Suite 210. If you have questions related to your license renewal or filing a new business license application, please call 568-7252 or e-mail buslic@sandy.utah.gov.
